

The vision of Ark Regional Services is a world that is equitable, respectful, and values the diverse perspectives of all people.

This vision guides Ark Regional Services in fulfilling our mission of supporting people with intellectual and developmental disabilities to actively engage in their life through new opportunities, healthy relationships, and lifelong learning.

Your support will raise awareness and start conversations about the tremendous value that people with disabilities bring to our community. Please help us foster a culture in which all people are respected, valued, and can fully participate in lives of quality and meaning.

WHY YOUR SUPPORT IS SO IMPORTANT...

People have individualized and diverse wants, needs, and levels of ability, so we cannot take a one-size-fits-all approach in supporting them. The supports we provide require:

- A well-trained, highly-skilled workforce
- Education & experience in disability support services
- Assistive & workplace technology
- Specialized equipment
- Vehicles & facilities

The expenses associated with operating and maintaining an organization that provides the outstanding level of service that this community has come to expect from Ark Regional Services are great. We cannot do it without financial support and contributions from companies, businesses, and individuals that believe in our vision and mission.
